How are you?

Sad...spring break is just about over

Comments:

Hi, everyone,

Charles here. Just bragging a bit...finally got a sub-20 a
few weeks ago...haven't been sweeping much
lately...between 1 and 2 hours per week...enough to get a
best time of 67 on expert and 16, 17, 19 on intermediate
and duplicate my 2 second beginner board

Too busy with projects and papers and reading and
swimming and studying SAT verbal stuff and whatnot...so
I'll end it here.

Bye,

CYu

It is so wonderful to know the free gift of eternal life and forgiveness of all sins through trusting faith in God solely through His Son Jesus Christ.

...the blood of Jesus Christ his Son cleanseth us from all sin. - 1 John 1:7b

For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works, lest any man should boast. - Ephesians 2:8-9

How are you?

Feckin' sore thanks

Comments:

Yeah, Im still alive. Ive been playing some minesweeper, but only maybe an hour or so every week. Im too busy with swimming and trying to get into college...and women 😄👍

The last post in damiens gb was mine, I really did miss out on a great opportunity. I would have definitely been the second fastest expert sweeper with that game.

As for this site, i have no urge to keep it going. I have about 10 emails with updates of profiles and 8's and whatnot and ill try to get those up sometime, but as for the future of this site...uncertain.

Lance,

You can use Sorin's recorder and make videos without any obstacles ...

ps: you will find that I have not made any videos that are posted either, because I find that it makes my cursor very difficult to follow. Maybe sometime when I'm having a really good sweeping day again I'll tolerate it.

How are you? tired as hell, just slept through my Operations Management class
Comments: I check this guest book occasionally, but I hadn't checked it in a while. Also, a note: that last "Lance" post wasn't from me... apparently there's another Lance sweeper who enjoys high density boards! Also, I think Matt has been playing less and less frequently (just a guess) since Roli got that 9. At the very least, he has been posting less since then. Recent milestones: within the last month I have surpassed 100 sub-20 games finished (lifetime), and 120 sub 70's finished as well. Just yesterday I got 62x2, 64, 66x2, which is pretty good for me. Still trying to beat my current sum of 2-15-60 for this AR period. Happy sweeping, all!

Comments: I only play with density, not speed. Anyone else do this? what are your density levels? I play at expert size grid with 145 mines.

How are you? Surprised !
Comments: I went a dozen times here and there was nothing new, and today 4 or 5 messages, WAOOO ! I share Roelof's preoccupation about Matt ! Maybe he decided that next post would be to claim a 39 on expert !!?! I doubt he actually wrote all the last messages in Damien GB...

Comments: Yoni,
Your site is below your posting although not active anymore!

Roelof, you are among the very few "old" sweepers, with

no shared expert video - or at least I haven't seen any.
Please send me one to see your playing style - Thanks!

Comments: Well, I read your post, but it was actually the first time this year I visited this site. Is Matt still alive? There are some Matt's posting in Damiens guestbook, but I'm not sure whether he is one of them.

Comments: I think "however I want to check if people still check to see if anyone posts here" is the worst english I could possibly write..😞

I guess something like "However I want to see wheter people still check if anyone posts here anymore.." would be better
